Happy New Year Alumni

Stafford has been providing students with quality technical educations since 1974. Our proud alumni graduate ready to enter post secondary pathways focused on high skilled, high wage, and high demand careers. With so many wonderful developments happening at Stafford it only made sense to start up an alumni association to keep everyone informed about all the news. Thanks to everyone who has already signed up and keep spreading the

The Stafford Family Continues to Grow

Changes abound this year at Stafford. Ted Guilmette moved from the Assistant Director position to assume the role of Director, long time Rutland High School Associate Principal Glenn Olson transitioned to Stafford to fill the Assistant Director position, Fieh Chan also transitioned from Rutland High School to step into the newly created role of STEM Academy and Outreach Coordinator, and Brian Narkewicz joined the staff as the new STEM Academy engineering instructor.
