Recruitment Season is Here :)

Anyone who has attended Stafford remembers the rigors of recruitment. This year was no different as we launched the 2015 Roadshow World Tour. Notable updates included changes to the Roadshow line-up and the addition of a new MC. Thanks to [STCN](#), Stafford's streaming news channel, all shows were streamed live in HD. Sophomore visits from sending schools followed and now everyone is enjoying a well deserved winter break.

Winter Carnival 2015

Students and staff enjoyed another great winter carnival at Pico Mountain last week. It was great to see first time skiers and snowboarders take to the snow. Not only is it an opportunity to come together as a center with students from across all 15 day programs, but it is a well deserved opportunity for everyone to let off some steam after the crazy recruitment season. Thanks to English instructor Melissa Patterson, her mother Brenda, and Pico for making this annual event possible!
