Stafford Tweaks the 2015 Spring Open House

Hats off to Stafford's staff and students for pulling off another great spring open house. We welcomed the largest amount of visitors ever! This year brought some welcome changes to the open house that included some great raffles and a family BBQ. Want to find out more about the "tweaks" that Director Ted Guilmette implemented? Click below for see the PEG TV ACCESS program story.

Stafford Hill Solar Project

The Stafford Hill Solar Project has been receiving some awesome recognition lately! Not only was it named one of the top five solar projects of distinction ([Click Here](#) to learn more), but the work of Stafford's Electrical / Plumbing students on the project was recently highlighted in a story by WCAX. Click below to see the story.
